Mr. Scott Turner  
City of Rock Hill  
Utilities Department  
349 Columbia Avenue  
Rock Hill, SC 29730

RE: SC Hwy 322 and Meadow Lakes Road Water Main Extension  
Bid Tabulation and Summary  
CE# 9569

Dear Mr. Turner:

We have reviewed the bid documents received on October 28, 2010 for the referenced project and found the following discrepancies:

**State Utility Contractors, Inc.**

**Callahan Grading, Inc.**

**Propst Construction Co., Inc.**

- < The Bid Bonds submitted by the above contractors do not reference South Carolina agents.

**Rogers Grading, Inc.**

- < The total base bid amount and the total bid amount does not equal the computed value using unit prices. Using the computed values, the computed base bid amount equals \$289,503.00 and the computed total bid amount equals \$318,133.00. (When bid amounts do not equal computed values using unit prices, the unit prices govern. The corrected total alternate bid amount is reflected in the attached Bid Tabulation and Summary.)

**Garawco, Inc.**

- < The total base bid amount and the total bid amount does not equal the computed value using unit prices. Using the computed values, the computed base bid amount equals \$364,481.60 and the computed total bid amount equals \$402,268.90. (When bid amounts do not equal computed values using unit prices, the unit prices govern. The corrected total alternate bid amount is reflected in the attached Bid Tabulation and Summary.)

**Payne, McGinn & Cummings**

- < The total base bid amount and the total bid amount does not equal the computed value using unit prices. Using the computed values, the computed base bid amount equals \$380,118.12 and the computed total bid amount equals \$424,794.57. (When bid amounts do not equal computed values using unit prices, the unit prices govern. The corrected total alternate bid amount is reflected in the attached Bid Tabulation and Summary.)

Based on the complete bid documentation submitted by the contractors and the enclosed Bid Tabulation and Summary, Rogers Grading, Inc. is the successful low bidder with a total base bid of \$289,503.00, a total alternate bid of \$28,630.00, and a total bid of \$318,133.00.

Following receipt of the concurrence from City Council on the bid results, we will contact the contractor to coordinate developing the construction contracts and to establish an anticipated schedule for beginning construction. Please contact our office if you have any questions or need additional information.

With best regards,  
Campco Engineering, Inc.

J. Michael Fry, P.E.
